

Driving decarbonization and digitalization. Together.

Advanced electronic components and materials for energy, mobility, communication and security: The new Infineon/uniMORE partnership

May 21, 2024 Sala eventi del Tecnopolo, via Vivarelli 2, Modena

- | | |
|----------------------|--|
| 14:00 – 14:15 | Opening words: UniMORE Rector and S.Berger (Infineon) |
| 14:15 – 14:45 | Overview of Infineon Technologies (R.Nonis, Infineon) |
| 14:45 – 15:00 | IPCEI: Supporting Innovation via Collaboration (M. Mischitz, Infineon) |
| 15:00 – 15:30 | Overview of the research in electronics at UniMORE (P.Pavan, UniMORE) |
| 15:30 – 16:00 | New frontiers in the electronic technology and new materials
(O. Haeberlen, Infineon) |
| 16:00 - 16:30 | The role of modeling and simulation in electronics R&D
(P.Palestri, UniMORE) |
| 16:30 - 17:30 | Standing buffet |
